Holding a Master's degree in Business Administration and being registered with the Geneva Bar, I specialize in real estate matters, particularly land use planning, public construction law, and housing.

After serving for 10 years as the General Secretary of the Swiss Union of Real Estate Professionals Geneva (USPI Geneva) and the Association of Geneva Real Estate Developers (APCG), I founded my law firm in 2023.

In addition to real estate law, I am also active in administrative law, commercial litigation and dispute resolution, white collar matters, and international mutual legal assistance.
